Overview:

As a whole, the Super Soaker SoakerTag Elite: Triple Shot great, lightweight pistol-sized soaker. Despite its smaller size, the nozzle selection allows for great flexibility on the water war field and the largest nozzle setting provides a very respectable blast. Overall, this soaker would make a great hold-out blaster or primary blaster in smaller skirmishes. However, due to its limited capacity, it would be unwise to face off against significantly larger blasters for prolonged periods of time.
